The Faculty of Applied Science and Engineering is hiring one undergraduate teaching assistant within the First Year Program for the winter 2018 term beginning January 2018.

**MAT186H1S Course Description:** This course focuses on the fundamental tools of calculus and its connections to engineering. The topics include limits, differentiation, graphing, optimization problems, and definite and indefinite integrals in the first semester. Problems combining calculus with geometry, linear algebra, statics, and mechanics will be examined. Estimated Enrollment: 25

**Skills and Qualifications:** We are looking for an applicant with at least an M.A.Sc. in either Mathematics or Engineering, with experience teaching first-year engineering calculus. The applicant should be very comfortable working with Blackboard and be able to handle administrative duties that use its applications. Familiarity with pedagogical ideas of both calculus and online courses would be an asset.

**Duties:** The TA duties will include running weekly tutorials, completing test, assignment, and exam marking, and providing general support for the delivery of the course.

**How to Apply:**
Candidates are asked to submit, as ONE PDF document, the following:
1. 1-page Cover letter;
2. Curriculum Vitae;
3. A summary that demonstrates your experience, interest and/or excellence in teaching (maximum 1 page).

1 Teaching Assistant positions are available for MAT186H1S, from January 2, 2018 to April 30th 2018. The contract will be for a 50 hours, at the rate of $43.65 per hour, plus 4% vacation pay. We thank all applicants for their interest; only shortlisted candidates will be contacted. Please email completed application package to fyjobs@ecf.utoronto.ca

Application Deadline: **December 6th, 2017, 11:59pm.**
Posted on December 1, 2017.

*This job is posted in accordance with the CUPE 3902 Unit 1 Collective Agreement.
