## APPLICATION FOR FIRST YEAR SUMMER RESEARCH FELLOWSHIPS

**DEADLINE: MONDAY, MARCH 13, 2023, 9 a.m. EST**

### PROGRAM INFORMATION AND ELIGIBILITY REQUIREMENTS

To support first-year students within the Faculty to gain summer (May – August) experience in a research setting, the Faculty is now offering up to ten First-Year Summer Research Fellowships. The value of each Fellowship is \$7000, and further funding is at the discretion of the faculty supervisor.

These positions are open to students in year one of Engineering Science, TrackOne, or any of the Core 8 programs. The fellowships are open to Canadian citizens, permanent residents, or visa students. Visa students are responsible for ensuring that they have the necessary clearances and permission from immigration authorities to undertake summer research positions. Students are responsible for finding a potential faculty supervisor. Students are expected to submit to present at the Undergraduate Engineering Research Day ([UnERD](#)), in August 2023.

### APPLICATION MATERIALS

To apply for the First-Year Summer Research Fellowship, your application package must include the following, combined in **one PDF document**:

- ✓ **Application Form** – Personal information
- ✓ **Academic History** – Unofficial print-out from ACORN
- ✓ **Statement of Personal Research Interests**
- ✓ **Project Description** (provided by the research supervisor)
- ✓ **A copy of your most recent resume**

### CRITERIA

Applications are considered holistically. The research project should be a reasonable, level appropriate learning opportunity aligned with personal research interests.

Each application must be submitted **as a single PDF document** to <https://forms.office.com/r/xfidti8C7R> before the deadline of **Monday, March 13, 2023, at 9 AM EST**.
