

**University of Toronto**  
**2025 FASE UG Summer Research Program**  
***Job Posting – Teaching Assistant Position***  
**Summer Term 2025 (May-August)**  
**CUPE 1**

The Faculty of Applied Science and Engineering seeks one (1) Teaching Assistant for the following program **Undergraduate Summer Research Program (USRP)**

The USRP represents a community of undergraduate students engaging in summer research at FASE. Participation in this program provides Engineering students access to dissemination workshops, career panels, research seminars, and success skills to support their summer research experience. Students participating in this program have secured a research placement/supervisor within the Faculty of Applied Science & Engineering

**Qualifications**

Be a graduate student currently engaged in research within FASE;  
Exhibit interest in developing skills in pedagogy;  
Exhibit comprehension of research within the various disciplines at FASE;  
Have experience with Engineering research study methodology (basic, design and educational study process);  
Have experience with research study dissemination;  
Have experience with the Quercus platform;  
Exhibit strong interpersonal skills and ability to work with people from different backgrounds and at different levels of academic study;  
Exhibit ability to review feedback and implement curricular modifications in a short timeframe;  
Exhibit ability to take initiative, work independently, and work with students and faculty.

**Relevant Criterion**

Previous experience is the more relevant criterion than the need to acquire experience in respect of this posted position.

**Duties in person:**

- Weekly planning meetings with Program Director
- Session preparation and scheduling
- Curriculum development and implementation
- Outreach to Faculty experts
- UG student supervision in session
- Provision of constructive feedback, where relevant
- Liaise with Undergraduate Engineering Research Day (UnERD) student co-chairs and the FASE Undergraduate Research and Global Opportunities Coordinator

- Other logistical, as required to facilitate the program's goals, including program data analytics
- Duties of this position shall be performed at the campus on which the position is located.

The total student contact time with students is expected to be 20 hours, with a further 20 hours for preparations. The course is expected to have approximately 30-50 students in attendance at each session. This course will be delivered in-person from May 1 - August 30, 2025. UnERD will occur in mid to late August (exact date TBC)

**Hours of work:** 40 hours

**Estimated Course Enrolment:** 30-50 students

**Rate of Pay:** \$52.97/hour (+ vacation pay)

The application deadline is March 18, 2025, **11:59 PM, EDT.**

Posted: February 26, 2025

The Faculty of Applied Science & Engineering and First Year Office thanks all applicants for their interest; however, only those candidates considered for the position will be contacted.

### ***Application Process***

Applicants should submit a cover letter, C.V. (including previous teaching evaluations (if applicable), and a list of references **in one PDF**.

**Submit application online via:**
